The Coalition of National Movements of Afghanistan

A Declaration

On September 23, 2023, (Mizan 1, 1402), the five organizations named below:

(1) Afghanistan National Discourse Movement, (2) National Peace and Justice Movement, (3) Afghanistan National Solidarity Movement, (4) Afghanistan People's Cohesion Council, and

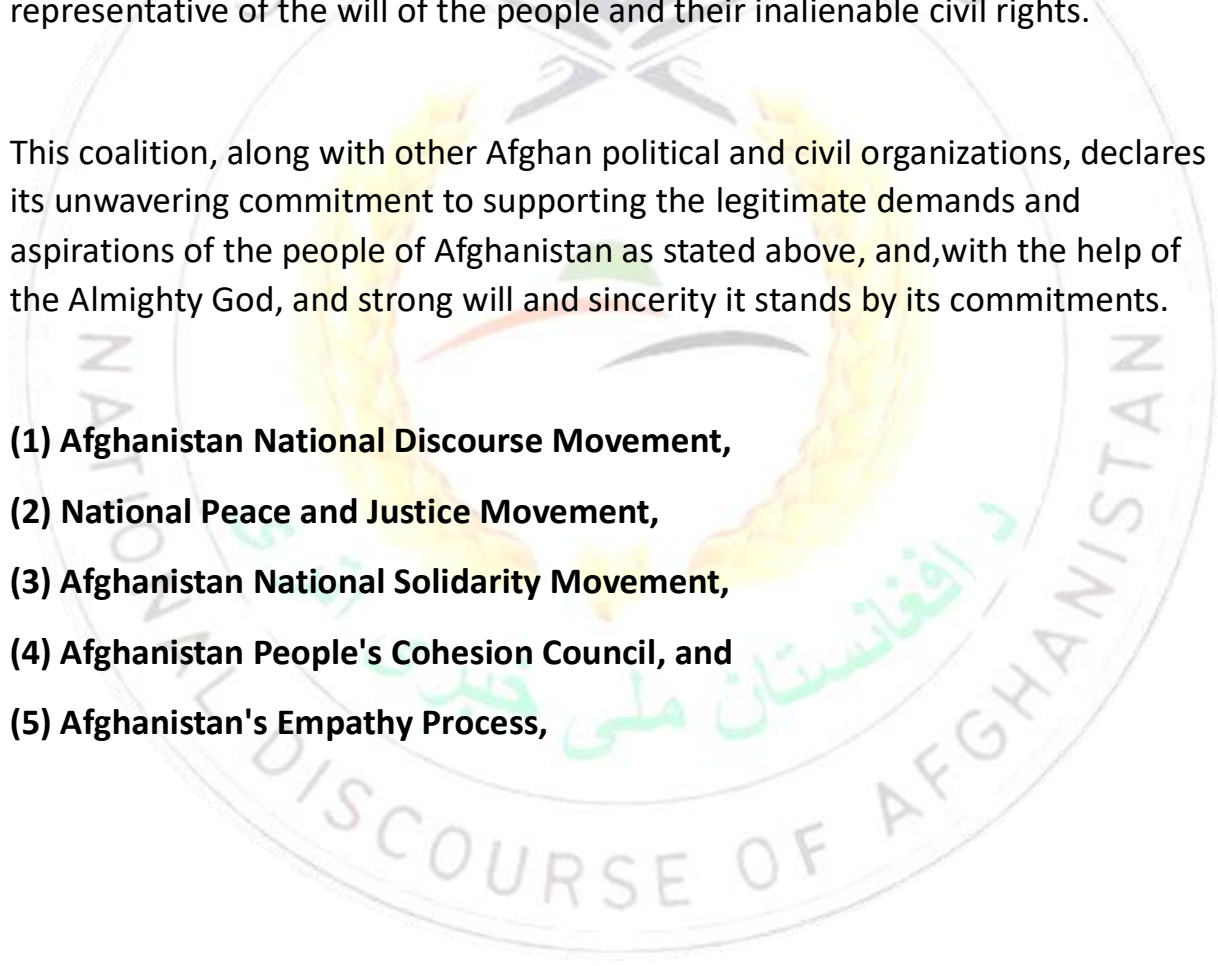

(5) Afghanistan's Empathy Process, in light of their common perspectives and shared objectives formally established The Coalition of Afghanistan's National Movements in an attempt to coordinate their efforts for the national concerns of Afghanistan.

The memorandum of this coalition highlights the key issues of concern in Afghanistan, among them acknowledging the lingering pain and suffering of the Afghan people in the past half a century, the imposition of devastating foreign-instigated wars, the disregard for the free will of the Afghan people, the monopoly of political power and disregard for the principle of peaceful coexistence, violations of civil rights and liberties of the Afghan people, specifically those of the women of Afghanistan. To alleviate these sufferings and miseries and in consideration of the basic rights and freedoms of the people, including the right to citizenship and decision-making in regard to the prevailing circumstances as well as the future prospects of Afghanistan, the participant of this gathering made a nationwide appeal in coming together for the establishment of a lasting peace and a government with popular legitimacy in the country that represents and demonstrates the will of the people of Afghanistan. The main objective of this coalition is to invite inter-Afghan parties for a national dialogue to fight discrimination, prejudice, and bigotry, and for a

campaign against those who fuel ethnic strife, or magnify religious, gender, or linguistic differences. Practices that contradict Islamic virtues, universal values, and national interests.

The *raison d'être* of this coalition is advocacy for a cohesive and inclusive movement for Afghanistan, that is committed to the rule of law, social justice, and commitment to uphold Afghanistan's commitments to international norms and treaties. The primary objective of this coalition is to strive for the positive and effective implementation of the coalition's goals in cooperation with other Afghan political organizations that are committed to the establishment of a decent political system that aims at peace and stability reflective and representative of the will of the people and their inalienable civil rights.

This coalition, along with other Afghan political and civil organizations, declares its unwavering commitment to supporting the legitimate demands and aspirations of the people of Afghanistan as stated above, and, with the help of the Almighty God, and strong will and sincerity it stands by its commitments.
